Mr. Jian He, Chief Executive Officer of LightInTheBox, commented, "We delivered solid financial performance in the third quarter of 2022 despite macro headwinds including rampant inflation, foreign exchange volatility, high energy prices and consumption contraction in many of our markets. Revenue growth accelerated with a 23% year-over-year increase, adjusted EBITDA was \$0.4 million, and net loss narrowed further to \$0.4 million. This is again a testament to our proven strategy, strong execution capabilities and differentiated competitiveness, making us stand out in a tough market. This improved performance is primarily the result of our ongoing product shift to mainly apparels. Going forward, we will embark on a campaign to re-position our brand among our valued customers in line with this our product strategy. We will continue to consolidate our strengths in supply chain management, optimize operational efficiency and customer experience to navigate through uncertainties and deliver long-term growth."

Non-GAAP Financial Measures

To supplement our consolidated financial statements, which are prepared and presented in accordance with U.S. GAAP, we use the following non-GAAP financial measures to help evaluate our operating performance:

"Adjusted EBITDA" represents income from operations before share-based compensation expense, interest income, interest expense, income tax expense and depreciation and amortization expenses. Although other companies may calculate adjusted EBITDA differently or not present it at all, we believe that the adjusted EBITDA helps to identify underlying trends in our operating results, and facilitate investors' understanding of the past performance and future prospect.

Recent Development

On October 28, 2022, the Company received a letter from the New York Stock Exchange ("NYSE"), indicating that the Company is "below criteria" due to the average closing price of the Company's ADSs being less than \$1.00 over a consecutive 30-trading-day period pursuant to Section 802.01C of the NYSE Listed Company Manual.

The Company can regain compliance at any time during the six-month cure period if on the last trading day of any calendar month during the cure period the Company has a closing share price of at least \$1.00 and an average closing share price of at least \$1.00 over the 30 trading-day period ending on the last trading day of that month. In the event that at the expiration of the six-month cure period, both a \$1.00 closing share price on the last trading day of the cure period and a \$1.00 average closing share price over the 30 trading-day period ending on the last trading day of the cure period are not attained, the NYSE will commence suspension and delisting procedures.

The Company notified the NYSE on November 8, 2022 of its intent to cure the deficiency. The Company's ADSs will continue to be listed and traded on the NYSE, subject to compliance with other NYSE continued listing standards and other rights of the NYSE to delist the ADSs. The Company is currently in compliance with all other NYSE continued listing standards. The NYSE notification does not affect the Company's business operations or its Securities and Exchange Commission reporting requirements.
